Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It happened on the morning of the 9th day of May. The little village of Machias in the far away colony of Maine was lively enough as far as fishing towns go, but on this particular time it was in a regular turmoil. Men had jumped up leaving their breakfast half eaten and ran out bareheaded to gather round a courier, who, sitting on a horse that had his head down and his flanks heaving as if he were almost exhausted, was telling them of a fight which had occurred just twenty days before. There was nothing to indicate that the men were excited except their pale faces and clenched hands, but the looks they turned upon one another had a volume of meaning in them. What had the messenger to communicate that had incited such a feeling among those who listened to him? He was describing the battle of Lexington which had been fought and won by the patriots on the 19th day of April. We did not have any telegraph in those days, and the only way the people could hold communication with one another was by messengers, mounted on fleet horses, who rode from village to village with the news.
