Brand New Book ***** Print on Demand *****.Excerpt from Bulletin of the United States Museum, Vol. 38: Contribution Towards a Monograph of the Insects of the Lepidopterous Family Nucuidae of Temperate North America Revision of the Species of the Genus Agrotis This work (Bulletin No. 38) is the fifty-first of a series of papers intended to illustrate the collections of natural history and ethnology belonging to the United States, and constituting the National Museum, of which the Smithsonian Institution was placed in charge by the act of Congress of August 10, 1846. The publications of the National Museum consist of two series - the Bulletins, of which this is No. 38, in continuous series, and the Proceedings, of which the thirteenth volume is now in press. A small edition of each paper in the Proceedings is distributed in pamphlet form to specialists in advance of the publication of the bound volume. From time to time the publications of the Museum which have been issued separately are combined and reissued as volumes of the Miscellaneous Collections. These are struck off from the stereotype plates from...
