

The Biochemistry of Gene Expression in Higher Organisms

By Pollak, J. K. / Lee, J. W.

Book Condition: New. Publisher/Verlag: Springer Netherlands | The Proceedings of a Symposium Sponsored by the International Union of Biochemistry, the Australian Academy of Science and the Australian Biochemical Society | Proceedings of a Symposium Sponsored by the International Union of Biochemistry, the Australian Academy of Science and the Australian Biochemical Society | The papers assembled in this volume are based on the symposium on "The Biochemistry of Gene Expression in Higher Organisms" which was held at the University of Sydney from May 14-19, 1972. Many symposia have been held on the control of gene expression in prokaryotes but to date considerably less attention has been paid to eukaryotic organisms. It has been appreciated only recently that some of the information gained from the study of prokaryotes is directly applicable to eukaryotes; however, it is now realized that the principles of the control mechanisms of gene expression in these two classes of organism, differ considerably. This symposium was organized in an effort to bring together workers from widely different fields concerned with gene expression, with the aim of circumscribing the current concepts and speculating on future developments in studies on the mechanisms which control and modulate gene expression, in the...
