Brand New Book ***** Print on Demand *****.Your child will learn valuable life lessons as they read about two best friends Jack and Ken who were inseparable. However, when the little green eyed monster whispers thoughts of jealousy, envy and greed into one friend's ear, he has to make a decision that could change everything. Instead of being appreciative of what they have, they want more and more and more. Kids greedy never satisfied attitude can make you spend a lot of money, but something even more dangerous can happen: greediness hurts friendships and families and if not addressed can hurt your child as well. Raising kids in greedy world doesn't help either. There's big pressure to have everything that their friends have and to get the latest of everything, just like Jack. This book is a good start for parents to teach your child the importance of good friendships and how greed and jealousy can ruin it all.
