Brand New Book ***** Print on Demand *****.Start your spiritual path. Embark your trans-personal journey. Listen to your call. Find your voice. Be real, free and authentic. As humanity is using only a small percentage of its intelligence (capacities, potential), it is a loss for all of us not to give and receive the best of each of us. The world can benefit from brighter minds, and self awareness. As a kid, growing up, I wanted to know everything. What was the fastest way to know? At 38, in the midst of a successful career in Communication, I found that something was missing, so I embarked on a spiritual quest to find meaning, and grow a soul. Here are the shortcuts and breakthroughs that I found the most effective to reconcile body-mind-spirit balance and satisfaction within: open your Third Eye; become psychic, identify your symbols; spin your wheels of energy; awaken your breath of fire; ignite your orgasmic body; discover your past lives; find your original mantra; be free from bondage and domination.

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
